Light as Object
When lighting
transcends function and
becomes art

www.pedret.com

Gaudi, by Jordi Blasi Barcelona

About the Workshop

Pedret Lighting manufactures its products in its own workshop, working closely with local suppliers and artisans.

Production is based on traditional processes and hands-on work. Each piece is made individually, allowing flexibility and adaptation to each project.

This catalogue presents a selection of standard models that serve as a reference. Many projects are developed or adjusted to suit specific spaces and proportions.

Slight variations in dimensions, finishes or surface texture are a natural part of handcrafted production.

Txapela by Manex-Bilbao Studio

A collection combining metal structures with solid wood elements.
Natural variations in the wood are part of each piece.

Txapela

1812-160 DO-P9 | Floor Lamp | Dark Oak | Satin Brass
1 x GU10 max. LED 6W
Height 1650 mm | Width 300 mm

1812-W O-P9 | Wall Lamp | Oak | Satin Brass
1 x GU10 max. LED 6W
Height 360 mm | Width 250 mm | Proj. 276 mm

1812-WL DO-P9 | Long Wired Version | Dark Oak | Satin Brass
1 x GU10 max. LED 6W Height 1300 mm |
Width 250 mm | Proj. 276 mm

1812-PN O-P9 | Pendant | Oak | Satin Brass
1 x GU10 max. LED 6W
Height 103 mm | Ø 250 mm

Txapela by Manex-Bilbao Studio

1812-PN2 O-P9 | Double Pendant | Oak |Satin Brass
1 x GU10 max. LED 6W
Height 550 mm | Width 520 mm | Proj. 250 mm

1812-FL O-P9 | Ceiling mount | Oak |Satin Brass
1 x GU10 max. LED 6W
Height 150 mm | Ø 250 mm

1812-PNS DO-P9 | Pendant | Dark Oak |Satin Brass
1 x GU10 max. LED 6W
Height 103 mm | Ø 90 mm

1812-PNS O-P9 | Pendant | Oak |Satin Brass

3D Printed Collection

Produced using 3D printing with a plant-based material.

This manufacturing process allows for a high level of flexibility. Dimensions, shapes and colours can be adjusted, making it suitable for custom pieces and project-specific variations.

Plika by Xjer Studio

A collection combining metal structures and solid wood elements.

1811-TL GLD | Table Lamp | Gold Colour

1 x E27 max. LED 20W

Height 350 mm | Ø 208 mm

Height 170 mm | Ø 120 mm

On Visual Language and Craft

The images in this catalogue combine real photography, 3D rendering and AI-assisted visualisation as part of a single visual language.

This approach allows us to better convey the presence, texture and character of each piece, offering a clearer reading of materials and finishes than photography alone.

Pedret Lighting products are made using artisanal techniques and traditional processes. Each piece is produced individually, and slight variations, surface irregularities or natural material reactions are an inherent part of the process.

These nuances are not imperfections, but expressions of craftsmanship, materiality and handmade production, forming part of the identity and authenticity of each piece.

Technical drawings, dimensions and detailed specifications are available upon request.

Sobre el lenguaje visual y la Artesanía

Las imágenes de este catálogo combinan fotografía real, renderizado 3D y visualización asistida por IA como parte de un mismo lenguaje visual.

Este enfoque nos permite transmitir mejor la presencia, la textura y el carácter de cada pieza, ofreciendo una lectura más clara de los materiales y acabados que la fotografía por sí sola.

Los productos de Pedret Lighting se realizan mediante técnicas artesanas y procesos tradicionales. Cada pieza se produce de forma individual, y las ligeras variaciones, irregularidades superficiales o reacciones naturales de los materiales forman parte del propio proceso.

Estos matices no son imperfecciones, sino expresiones de la artesanía, la materia y el trabajo manual, y constituyen parte de la identidad y autenticidad de cada pieza.

Las medidas, planos técnicos y especificaciones detalladas están disponibles bajo solicitud.

Glass options available in different colours, finishes and shapes.
Alabaster components also available.

Wide range of metal finishes and surface treatments available.

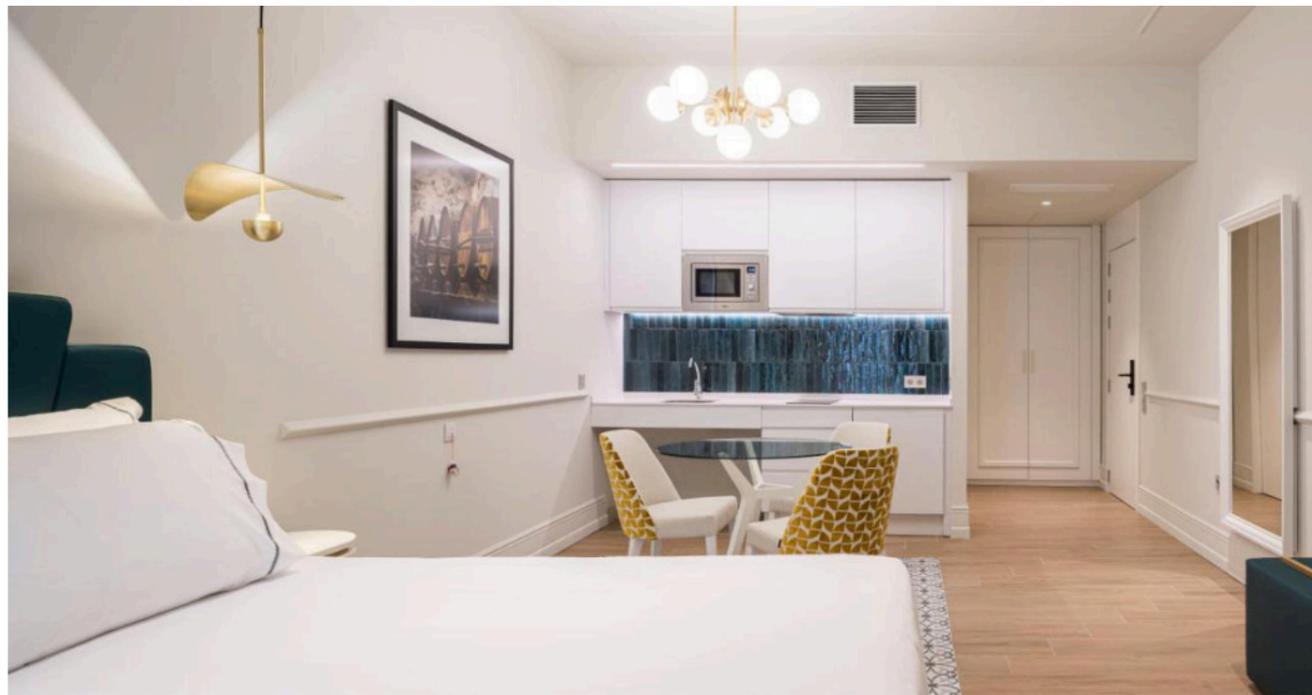

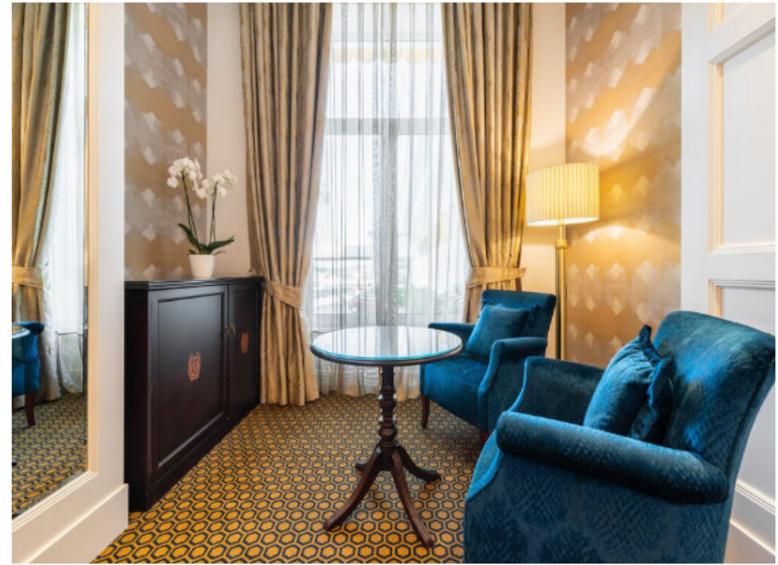

Textile Shades available in different shapes, colours and materials.

3D printed Shades and diffusers available in multiple colours and finishes.

Make every corner tell its own story with our bespoke lighting, the perfect detail for your interiors
